About the Hospice

Bolton Hospice has been caring for local people who have life-limiting illness since 1992.

It is a modern, purpose built unit with 14 beds and extensive day therapy facilities including complimentary treatments and a hairdressing and beauty salon.

Outpatients Clinics are now held 4 days a week and we also provide a 'Hospice at Home' scheme. All these facilities come free of charge, paid for almost entirely by the generosity of the local people that we serve.

Our aim is to enhance quality of life and positively influence the course of illness. Patients are offered all the specialist clinical treatment necessary and their families and carers are fully supported.

The patients' spiritual needs are recognised and catered for in addition to their physical requirements, to offer an all round feeling of well being.
