

BLING IT FOR BOLTON HOSPICE

Bling a Pound to Work Day

Friday 30 October

Supported by

Bolton Hospice
caring from the heart

We would like to invite you and your colleagues to support our much needed charity by joining in our forthcoming **Bling a Pound to Work Day** on **Friday 30 October**.

We are asking local businesses to unite and support us on this day by encouraging employees, staff and colleagues to give just £1 to this appeal.

This year we have added a new twist to this fundraising event and we want everyone to join us for a **Bling** day wherever you may work.

Do you work in a supermarket, bank, school, office, building site, restaurant? Wherever, you can show your support by bringing just £1 to work that day and place it in our **Blingy** collecting tin or purchase one of our very own Bolton Hospice **Blingy** T-shirts, which are a must have accessory for any conscientious supporter. These will be on sale for only £4 and we have 2 styles, one for the ladies, with pink lettering and one for the men with silver lettering. These are available from our Hospice shop or we can deliver to you if you would like to support us.

Not only will you be showing that you care for your local charity but you will also be helping to promote our service and our cause.

Please encourage your employees, employers and work colleagues to join in with the fun and have a totally **Blingy** day on Friday 30th October.

Many local businesses like to support this event year on year and to them we say a very warm thank you and to all of you who want to join us for the first time – a very warm welcome! Every business that registers will have a mention on Tower FM to broadcast their support and they may even have a visit on the day for a live interview.

Come on everyone **Bling it on**, simply register your support and arrange for a collection Tin, T-shirt order or both to be delivered to your workplace.

For any further information please contact Maria Passarello on 01204 663064, I will be only too happy to help.

Bolton Hospice cares for local people and their families living with a life limiting illness. Each year we need to raise 1.6 million to keep our doors open for the people of Bolton and we greatly need your help.

Kind regards

Maria Passarello
